

**1) Voices Rising Ensemble** performs in the community for fun and celebration. Our repertoire is eclectic, ranging from traditional choral material to gospel, jazz and blues, usually arranged in three part harmony. Our get togethers include exercises that support breathing and relaxation and help develop your good vocal technique and musical skills. We are regulars at the Britannia Art Gallery openings and currently consist of 14 members. New members are welcome!

**2) SingShop workshops in vocal expression** provide a solid foundation in skills and technique that is applicable to any style of singing and voice work. We begin with relaxation, breathing and the basic tools for producing the healthy, natural vocal sound unique to each individual. We develop projection, resonance and articulation. We look at basic musical structures and language, and introduce the use of solfege to help us learn and remember melody and harmony. We sing great tunes from the worlds of blues and gospel, practicing ensemble singing skills - listening, blending and dynamics. Fun!
